

# Turkeys in Ancient Pueblos Assessment

## Archaeological Evidence for Turkey Use

Kemp, Bill, and Scott Wyatt, Camilla Speller, William Lipe, Cara Monroe, and Dongya Yang. "Origins of Southwestern Domestic Turkey." Washington State University.

### Your Task:

Examining these four primary source pictures of artifacts discovered in Mesa Verde, what can you conclude about the importance of the turkey in ancient pueblo life?

Create a thesis to answer that question, and write an essay to support your thesis by including the three strongest arguments from these pictures, as well as information from your graphic organizer, readings, pictures, documents, and the artifacts we have viewed. Review the rubric before you write your final draft!
